FILE HEADING.

Site for a Cotton Seed Oil factory at Harihar

From

The Deputy Commr., Chitaldrug Dt

No. 355 Dated 24 January 1916 Received 27 Jany 1916

Diary No. 2706	Enclos	Spare Copies	Serial No 1

BRIEF ABSTRACT OF LETTER

Requests sanction to the recommendation of the municipal Council of Harihar that a Site measuring 16 acres valued at Rs 4000 may be granted free of cost to the Mysore Cotton Seed Oil and Chemical product Company for the location of their fa

NOTES AND ORDERS

The Site selected appears to be a valuable one and adjoins the plot of land for the extension of Harihar town. The Sanitary authorities do not appear to have been consulted as to whether the

factory in the proposed site will in any way affect the health of the people in the extension. Further there is no information as to the resources of the Company and other matters ~~or~~ to throw light on the Question of the desirability or otherwise of ~~such~~ extending such a concession to it Attention is also invited to the resolution of the municipal Council They propose to undertake serious responsibilities Viz

1) The guarantee of a supply of water of not less than 10000 gallons a day
2) Exemption of articles likely to be imported by the Company from payment of octroi in future.
3) Granting permission to put up a pumping installation for water from the Tungabhadra River
4) Proper drainage of the surplus water of the factory
(2) The financial condition of the Harihar Municipality is not at present satisfactory They have not been able to adequately provide for their legitimate demands

NOTE—Contn sheet

GPB—70 000—17 12 15

General and Revenue Secretariat | Jul File No 688 of 1915 May

Serial No 3

One of the reasons for the Contribution from the St B D of Chitaldrug to the extent of Rs 1625 per annum towards the maintenance of the water supply at Harihar is that the municipality are not able to bear the whole burden themselves. The provision to strengthen the additional conservancy staff was disallowed as the finances of the Sulky do not admit of extra expenditure. With such finances the municipal Council propose to undertake responsibility which they can ill afford and without directly getting any return from the Company. If the location of the factory will improve the trade and industry in the town, it will also increase tend to increase municipal expenditure to provide additional conveniences to the extra population.

Promise No 3 is not valid since the power to grant or refuse permission to instal prime movers in Bangalore rests in Govt and not in the municipal Council. Submitted for orders.

KP 28-1-16

If the land adjoins the Railway it may also have to be consulted before orders are passed

Offg Under Secretary for Railways,
Government of Mysore

Letter No.5954/W dated 14th June 1916 from the Agent, Madras and Southern Mahratta Railway Company, Ltd., to the Director of Industries & Commerce in Mysore, Bangalore.

In continuation of my letter No.5954/T of the 23rd/24th July 1915, I have the honour to state that I have received a letter dated 2nd February 1916, from the Offg Secretary to Government of Mysore for Railways with a sketch shewing the site of 16 acres of land it is proposed to acquire for the Mysore Cotton Seed Oil and Chemical Product Co., at Harihar with the request that he may be informed whether this plot of land is likely to be required for Railway purposes

2 In my No 5954-T of 1st July 1915, your attention was particularly drawn to the necessity of first consulting the Railway before a site for the Factory was fixed upon so that it could be ascertained if a siding can conveniently be laid to it No notice has however been paid, I regret to say, to this warning with the result that the Product Company propose to acquire a piece of land too close to the station for the convenience of a siding, an error which other Industrial con--cerns in this Presidency have committed as was pointed out in the concluding para of my letter No 5954/T of 24th July 1915

The most economical position possible for a siding to this plot, is as shown in pencil on Plan No 133/50 enclosed, through the compound at the back of the Passenger Platform, an across the Goods Shed Road Such a siding will be very in--convenient to work at the Goods Shed and as that end will be constantly blocked by wagons on the Goods Shed line, necessita--ting interruption to loading of goods and excessive shunting

If a site is selected for the factory about 600 feet East of the Coal track and 300 feet from the centre of the main line beyond the Davangeri Road as shown in red pencil

on plan it will permit of a siding convenient both for the Factory and the Railway will permit of expansion of the traffic yard and of easy entrance to the Factory whatever the direction the development of the Railway yard and Factory may take within reasonable limits

I shall be glad therefore if you will reconsi--der the matter of the site for the Factory in the light of the above remarks and communicate your proposals re--garding an alternative site

It is requested the plan be returned with your reply.

To

V. R. Thyagaraja Iyer Esquire M.A.
Secretary to the Government of
H. H. the Maharaja of Mysore,
Revenue Department, Bangalore.

S I R,

I have the honor to state that in August 1915 the Director of Industries and Commerce, Bangalore, addressed the President of the Harihar Municipality requesting him to advise the Municipal Council to select and grant to the Directors of the Mysore cotton seed oil and Chemical Product Company, a site for the location of the factory and also to show to the Company certain concessions with regard to the supply of water &c. The matter having been placed before the special meeting of the Council it was resolved that the land adjoining the Railway fence at Harihar be granted free of cost to the Company A copy of the resolution and a rough sketch showing the land proposed to be granted are enclosed The Municipal Council are also agreeable to afford facilities with regard to supply of water &c as detailed in the resolution

2 The area of the land is about 16 acres and is valued at Rs 4000

3 As the undertaking viz the starting of the cotton seed oil mill at Harihar tends to promote the development of Industry in the said town I recommend that the proposal of the Municipal Council in the matter of the free grant of the land &c, may be sanctioned.

I have the honor to be,
S I R,
Your most obedient servant,

Treasury Assistant Commissioner,

---

In reply to your letter No 5954/W dated the 14/15th June 1916, I have the honour to state that I have carefully considered your suggestions regarding an alternative site for the Factory of the Mysore Cotton Seed Oil and Chemical Products Company, Ltd , at Harihar and I have consulted the Directors of the Company on the matter Many objections have been raised to the proposed change of site, not the least important of which are, that the land will have to be purchased at a comparatively high cost and that its increased distance from the river will greatly enhance the difficulties regarding the water supply I must accept your remakrs regarding the inconvenience caused on the Goods Shed Line if the site originally selected is adhered to In the interests of the Company I am compelled to advise them to adhere to the selected site and I have to enquire, considering that the traffic is not likely to amount to more than three or four wagon loads a day, whether any very serious inconvenience will be experienced in working it along the siding marked in pencil on the plan which you have sent me

I return the plan No 125/50 herewith
